INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. §1.97

Dear Sir/Madam:

Applicant submits this Information Disclosure Statement in accordance with the duty of disclosure under 37 C.F.R. §1.56 and §1.97-1.98, and more particularly in accordance with 37 C.F.R. §1.97(b)(3). Enclosed herewith is a List of References Cited by Applicant (PTO-1449) (2 sheets). Copies of the references have not been included because the references were previously cited by, or submitted to, the Patent and Trademark Office during the prosecution of U.S. Patent Application Serial No. 10/068,387 filed February 6, 2002, from which this application claims priority under 35 U.S.C. § 120.

One or more of the enclosed references is not in the English language. These references were cited by the U.S. Patent Office during the prosecution of U.S. Patent No. 5,328,154 (Application No. 947,220), which has been assigned to the same assignee as the present application. A copy of the Notice of References Cited (attached to Paper No. 2) from Application No. 947,220 was provided as Exhibit A to the Information Disclosure Statement filed in Application Serial No. 10/068,387. In particular, the non-English references cited in Application No. 947,220 are as follows:

<u>Document</u>	<u>Date</u>	<u>Country</u>	<u>Name</u>
80935	8/1951	Czechoslovakia	Minar
1070420	12/1959	Fed. Rep. Of Germany	Dehm
374571	1/1940	Italy	Quarenghi
355070	7/1961	Switzerland	Dehm

However, upon information and belief the Office only provided English translations for Minar and Dehm (Switzerland). Copies of such translations are attached to these references. Upon information and belief, translations for the remaining documents are not within the possession, custody, or control of, or is not readily available to any individual designated in § 1.56(c).

Inasmuch as each of the remaining references listed on attached Form PTO-1449 is in English, no further commentary by Applicants is believed necessary, 37 C.F.R. §1.98(a)(3). Applicants respectfully solicit the Examiner's consideration of the cited references and entry thereof into the record of this application.

Applicants, by submitting this Information Disclosure Statement, are attempting to fully comply with the duty of candor and good faith mandated by 37 C.F.R. §1.56. As such, this Information Disclosure Statement is not intended to constitute an admission that any of the enclosed references, or other information referred to therein, is otherwise "material to patentability," as that term is defined in that section.

Respectfully submitted,
